Projects

Portfolio   **Mar 2024 - Apr 2024**

SquadMinds Private Limited

Academic and professional materials such as College qualifications, skills, projects, training, and experiences.

Weather App   **Feb 2024 - Feb 2024**

SquadMinds Private Limited

"Provides users with real-time weather information for any city in the world. Used Open Weather Map API."

College Management System   **Aug 2022 - May 2023**

Swami Vivekanand Subharti University Meerut.

- Developed and implemented a searching facility for a project based on various factors such as college, course, batch, fees structure, and session.
- Enabled users to easily find relevant information based on their specific requirements.
- Streamlined the registration process by integrating the searching facility with the registration system
- Successfully delivered a project that enhances accessibility and efficiency for users searching for college information and registration.
